## WEBCONFERENCE MINISEMINARS...

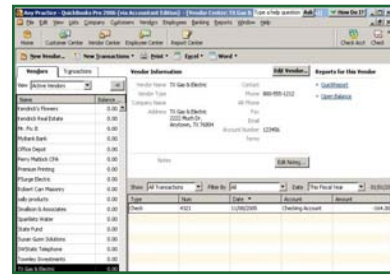

a practical solution to a real and continuing QuickBooks® educational need.

About MiniSeminars:

- Be one of only 10 participants per session.
- Learn from an easy 'How to use QuickBooks®' audio/visual presentation.
- Have ample time for questions.
- Take multiple seminars.
- Two hours only. Check our website for details.

(Internet access required.)

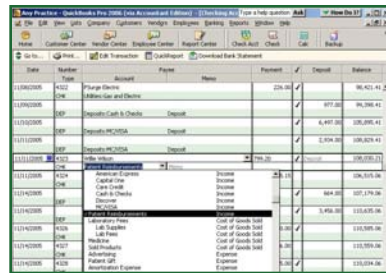

## EASY START QUICKBOOKS® CUSTOMIZATION

Is your QuickBooks® still sitting on the shelf? Are you slow in getting started with QuickBooks®? If so, sign up for Susan's "EASY START" QuickBooks® customization. With just your basic practice information, Susan will customize a QuickBooks® data file ready for you to use, complete with a chart of accounts... a common stumbling block! You will then be ready for two 2 hour online training sessions to show you the basics and get you started.

Two monthly follow-up sessions are recommended to answer questions and 'check the books' for proper use.

(Available for QuickBooks® 2005/2006 only.)

## THE "OPTIMUM LEARNING CYCLE"

If you have ever experienced frustration by trying to customize QuickBooks® to use in your practice, here is your Optimum Learning Cycle solution.

The Optimum Learning Cycle is a 4-Step process designed to reduce the stress and increase the success of using QuickBooks® in your practice. Here's how it works:

1. Purchase the "Getting the Most Out of QuickBooks® in Your Practice" workbook.
2. Go to the SolutionsForYourPractice.com website for online training. Learn how to enter practice reimbursements, customize your chart of accounts, create weekly reports, and view 40+ additional web clips at your own pace, and as many times as you want, 24/7.
3. Check the GunnConsulting.com website for a workshop near you. The classroom style environment is fun and rewarding. This workshop goes beyond ordinary set-up and tasks, and includes helpful tips gained from other practices across the nation.
4. Solidify your learning with MiniSeminars — 2 hour online webconferences.

That's it! Four easy steps to getting started with QuickBooks® NOW! No more excuses!

Susan's goal is to provide the right tools and the right learning environment to ensure maximum QuickBooks® use in your practice. Make the decision... reduce your stress, increase your success by calling Susan today.
