

Is this how you decide how much to increase next year's production?

2411 Northfield Court
Yuba City, CA 95993

Operating your practice without an annual plan is taking a gamble on the overall success of your business.

In order to create an effective strategy for 2008, ask yourself these vital questions:

- Is my overhead within a healthy range?
- How do I establish production/collection goals?
- How many days a year do I need to work to make my goals?
- How can I make sure my income covers taxes, as well as retirement contributions?

Please call my office today to discuss how we can create the ideal plan for your practice.
